**MIKI**
IMPORT EXPORT

# Miki Import Export

COMPANY PROFILE

Connecting Africa's harvests, power and craft with the world's markets - and bringing back the materials that build tomorrow.

Oilseeds | Pulses | Electricity | Livestock & Leather | Cut Flowers | Textiles | Construction Steel

ABOUT MIKI

# Who We Are

**Miki Import Export** is a trading company that moves quality commodities and goods between producers and buyers across borders. We export a diverse portfolio of agricultural and industrial products and import the construction steel and building materials that fuel infrastructure growth.

OUR TWO-WAY TRADE MODEL

## EXPORT

Oilseeds, pulses, electricity, livestock and leather products, cut flowers and textiles to international buyers.

## IMPORT

Construction steel and building materials supplied to contractors, developers and distributors.

## Mission & Values

### Quality First

Careful sourcing, grading and inspection before every shipment.

### Reliability

Dependable delivery schedules and transparent communication.

### Integrity

Fair pricing, honest documentation, long-term partnerships.

### Sustainability

Supporting farmers, producers and responsible trade practices.

## Our Promise

Every consignment is handled with the same care: verified quality, compliant paperwork, and clear updates from origin to destination.

EXPORT PORTFOLIO

# What We Export

## Oilseeds: Sesame

OILSEEDS

Prized for high oil content and distinctive flavour. Supplied for food processing, oil extraction, bakery and confectionery. Available in natural and hulled grades.

## Oilseeds: Niger Seed

OILSEEDS

A small, oil-rich seed used for edible oil and in premium bird feed blends. Cleaned and graded to buyer specification.

## Pulses (Dried Legumes)

PULSES

Beans, peas, lentils, chickpeas and other dried legumes: protein-rich staples sourced for retail packers, importers and food manufacturers.

## Electricity

ENERGY

Cross-border power supply to neighbouring markets, helping meet growing regional demand with clean, dependable energy.

## Livestock & Leather Products

LIVESTOCK

Live animals, hides, skins and finished leather goods supplied to regional and international markets under proper health and export standards.

## Cut Flowers

FLORICULTURE

Fresh, export-grade roses and other stems, harvested, cooled and shipped to preserve vase life for wholesalers and florists.

## Textiles

TEXTILES

Fabrics, garments and traditional woven products for fashion, retail and institutional buyers.

IMPORT & PARTNERSHIP

# What We Import

## Construction Steel & Building Materials

IMPORT

We source reliable construction inputs for the builders of growing cities:

- **Construction steel:** rebar, structural sections, plates and wire
- **Building materials:** supplied to contractors, developers and distributors
- **Quality assured:** products sourced from vetted suppliers to meet project specifications

## Why Partner With Miki

### Diverse Portfolio

Seven product lines under one trusted trading partner.

### End-to-End Handling

Sourcing, quality checks, documentation, logistics.

### Flexible Orders

Trial loads to full container volumes.

### Two-Way Trade

Export and import expertise strengthens every deal.
